Timothy Sullivan

January 2012

Dear Class of 2013:

Junior year is an important time for our students. Many are starting the college search process and SAT preparation. The counseling department would like to offer our services to help your child with the college search/application process.

Yorktown High School counselors will meet individually with every student to provide the tools necessary to: locate colleges, explain SAT/ACT registration, the college essay and resume questions, junior timeline, common application information, GPA, etc.

School Counselors schedule these meetings during the students' free period. Parents are welcome to join us during these individual meetings. **Please contact the counseling office to make an appointment for your child's Junior Conference during your child's free period.** These meetings can be scheduled any day between now and May.

We look forward to hearing from you or your child to schedule his/her Junior College meeting.

Sincerely,

Yorktown High School Counseling Center
